

Waste Awareness Through Education - April 2025

EARTH DAY: Celebrated annually on April 22, the global event is aimed to raising awareness about environmental issues and promoting actions to protect the planet. Celebrating Earth Day encourages Individuals, communities, and governments to take steps towards sustainability, conservation, and reducing pollution. This day serves as a reminder of the importance of protecting natural resources, combating climate change, preserving biodiversity for future generations. **How will you help protect our resources in Tehama County?**

Want to learn more on
how to make an impact
at your school?

Contact the [Recycling Program Analyst](#) to learn more about the Four “Rs” or schedule a recycling presentation, provided by the Tehama County Solid Waste Management Agency and your local waste hauler.

Here are some ways YOU can celebrate Earth Day:

- ◇ Go for a walk to appreciate the nature around you
- ◇ Host a “Litter Pickup”, award prizes for most litter picked
- ◇ Reduce, Reuse, Recycle , Rebuy in your classroom
- ◇ Inform your friends and family about Earth Day!
- ◇ Contact us to help for litter cleanup
