WASTE AWARENESS E-NEWSLETTER

WASTE AWARENESS THROUGH EDUCATION

AUGUST 2025

Back To School

Make this the year when your class has a waste reduction program in place! Check out the ideas below & brainstorm other ways your class can reduce waste and inspire future Eco-Leaders!

- Set up a paper collection box so students can reuse single sided pieces as scratch paper
- Collect beverage containers & Redeem the CRV for supplies or parties
- Assign an "Eco Champion" to oversee recycling and lights off duties

What's Recyclable at your School?

[City of Red Bluff Schools](#)

[City of Tehama Schools](#)

[Unincorporated Tehama County Schools](#)

[City of Corning Schools](#)

4Rs Experience

- Classroom presentation about the landfill, 4Rs, and the importance of waste awareness
- An up-close look at a collection truck with the waste hauler representative with knowledge check interactive games

Did You Know?

One reused notebook saves about 1.5 pounds of paper waste. Multiply that by 30 students and you've saved a tree!
