

# A-Z Recycling Guide

The Tehama County Solid Waste Management Agency encourages citizens to **Reduce** waste, **Reuse** items, **Recycle** materials, and **Rebuy** products with recycled content. Please contact the organization listed before bringing items for recycling, and only donate items that are clean and reuseable. Please make your donation part of the solution, not part of the problem. **DO NOT LEAVE UNSOLICITED DONATIONS AT ANY LOCATION.** There are hefty fines for illegal dumping.

**SOLID WASTE  
MANAGEMENT  
AGENCY**

Should your business be part of the A-Z Recycling Guide? If you'd like to be listed, contact the Tehama County Solid Waste Management Agency at **(530) 528-1103** or email [tehamacountyrecycles@tehama.gov](mailto:tehamacountyrecycles@tehama.gov).

### Agricultural Material

**Used Motor Oil** — accepted at the Landfill free of charge year-round during Landfill business hours. Check in at scalehouse before pumping. All used motor oil is recycled.

**Pesticides** — accepted during Hazardous Waste Collection Events. Contact the Waste Management Agency at (530) 528-1103 to schedule a drop-off. Small fees apply for businesses.

**Plastic Pesticide Containers** — accepted at the Landfill free of charge year-round during Landfill business hours. As long as pesticide containers are triple rinsed and have their lids, handles, and labels removed, there is no limit to how many you can turn in. Be sure to quarter containers that are larger than 5 gallons.

### Appliances, Major

When you purchase a new appliance, many dealers take away your old one. There is a special item fee for dropping off appliances at the Landfill in addition to the weight of the item. There is an additional fee for refrigerated appliances containing **Freon**. To avoid the **Freon** fee, the refrigerant must be removed by a certified technician and the Authorization Certificate must be presented at drop-off. Some chest freezers, pre-1972 washing machines, sump pumps, and electric space heaters contain electrical switches with about 3.5 grams of mercury each. The switches must be removed. Please call (530) 528-1103 for more information. Many appliances have motors with oil that must also be removed.

### Food

Many organizations in Tehama County accept donations of shelf-stable and non-perishable food! For a complete list of organizations that accept donations of food items, please visit [tehamatogether.org](http://tehamatogether.org)

For more information about donating shelf-stable food or about disposing of kitchen scraps, visit: [Landfill | Tehama County](#)

### Food Scraps are Compostable!

Compost is the finely decomposed remains of plants, and it is commonly used as a fertilizer. Compost is all-natural and has many benefits. Check out the informational brochure [Backyard Composting](#) to find out how to build your own compost pile!

### Furniture

Donate furniture in reusable condition to local organizations (see *Antiques, Clothing and Household Items*). Sturdy, high-quality furniture can be donated to ReStore: visit [buttehabitat.org/donate](http://buttehabitat.org/donate) or call (530) 895-1271 for more information!

You can also post your unwanted furniture online:

- [Chico Craigslist](#)
- [Redding Craigslist](#)
- Facebook Marketplace

Get in the habit of using a cloth bag! A lifetime of using a cloth bag can eliminate the use of 22,000 plastic bags.

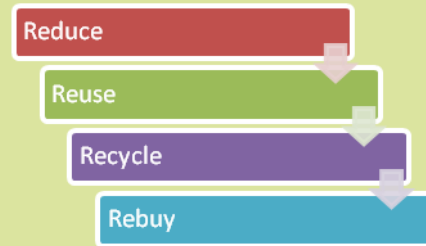

### Glass Containers, Non-CRV

Free paint is often available for reuse at the Tehama County/Red Bluff Landfill. Organizations and individuals interested in using donated paint are welcome to inquire during landfill operating hours. Please note, inventory fluctuates.

If the paint in a container is completely dry, the whole container can be placed in the trash.

### Pesticide

The best way to transport or dispose of pesticides is according to the directions on the label. Very old containers may contain product that now is banned for use. These must be disposed of as hazardous waste. To determine if a pesticide is currently banned, contact the Tehama County Agriculture Department at (530) 527-4504. Unlabeled, banned, or unused pesticides are considered hazardous waste and must be disposed at the facilities listed below. Please call for specific collection dates. Businesses must call in advance, small fees apply.

### What is Vermicomposting?

Vermicompost is a natural process of using earthworms (and associated micro-organisms) to break down organic waste and convert it into a rich material loaded with plant nutrients called worm castings. This dramatically speeds up the composting process and boosts the nutrient content of the end product.

### Yard Waste

Large loads of yard waste (including leaves, branches, grass clippings, and other plant material) can be brought to the Landfill for a small fee. Real Christmas trees are recyclable, too; just make sure to remove all decorations before recycling the tree!

##### **Tehama County/Red Bluff Landfill**

19995 Plymire Rd., Red Bluff. . . . . (530) 528-1102

### Wood

See *Pallets and Construction/Demolition*. Other types of wood are accepted at the Tehama County/Red Bluff Landfill for a fee, including creosote-treated wood. Creosote-treated wood is commonly found in railroad ties and telephone poles. Contact the Landfill at (530) 528-1102 for disposal costs.

### What is Grasscycling?

Grasscycling means that lawn clippings stay on the lawn. This encourages healthy grass, because clippings add valuable nitrogen to the soil. For best results, use a mulching mower and mow less than 1/3 the height of the grass.
