

I was born and raised in Red Bluff, being active in sports and earning my Eagle Scout. I received my BA in Business Administration from CSU, Chico. I chose to focus my career on community service working for Tehama County, a Department Head for another agency, and most recently as your Clerk and Recorder.

I strive to exemplify integrity, honesty, straightforwardness, and compassion. As your Clerk and Recorder, I am committed to ensuring that all functions of the office are carried out fairly, accurately, and transparently. This includes conducting fair and impartial elections, providing accurate and timely recording of legal documents, and supporting the Board of Supervisors with reliable information and structure. I believe in direct, respectful communication and in meeting every ethical and legal obligation with diligence and care.

I am a lifelong resident of Tehama County and active in local community groups. In my spare time, I enjoy being in nature especially in the eastern part of Tehama County, and exploring national parks.

As your Clerk and Recorder, I will continue to focus on assuring the department provides excellent service to the community, meets all legal and ethical requirements, maintains transparency and operates as a successful work team.
